New tastes! A table full of holiday must-haves. Bon Appétit!

Nel menu delle feste la portata più importante è quella degli accessori: sono gli ingredienti invitanti di una ricetta di stile da mettere in tavola la vigilia di Natale o a Capodanno. Vogue Accessory li interpreta partendo dalla B di Bloom, con una "fioritura" invernale di borse cristallizzate da un velo di argento luminoso, e arrivando all'immagine finale di un punto esclamativo che sta a indicare lo stupore di chi si ritrova sul piatto stringate e mocassini dall'allure maschile, ma dal fascino femminile grazie a una spolverata di glitter scoppiettanti. In mezzo ci sono la P di Prosit, per brindare con calici di cristallo nei quali si specchiano collane di perle e collier di diamanti, e la T di Theatral, per celebrare la golosa sontuosità di décolletée e clutch con maxi pietre decorative. Con un menu così ricco, la gran festa può cominciare. Bon Appétit!

The most important thing on the holiday menu is the accessory course. These are the most inviting ingredients for a stylish recipe to be cooked up and put on the table on Christmas Eve or New Year's Eve. Vogue Accessory is interpreting these pieces starting from the B in Bloom with a winter "flowering" of bags that feature a coating of shiny silver all the way to the final image of an exclamation point, which symbolizes the shock of finding lace-up shoes and moccasins on one's plate. Pieces that have a masculine allure but feminine grace with a sprinkling of sparkling stardust. In the middle there's Prosit for toasting with crystal glasses that reflect pearl necklaces and diamond colliers and then there's T for Theatral for celebrating the delectable sumptuousness of pumps and clutches with oversized decorative stones. *With such a rich menu, the big party can begin. Bon Appétit!*
